About USA Rare Earth

USA Rare Earth, Inc. (Nasdaq: USAR) is building a fully integrated rare-earth and permanent-magnet value chain across the United States, Brazil and the United Kingdom. Through its ownership of Less Common Metals (LCM), one of the world’s leading producers of rare-earth metals and alloys, its development of magnet manufacturing capacity in Stillwater, Oklahoma, its Pela Ema mine in Brazil and the Round Top deposit in Texas, USA Rare Earth is pursuing capabilities across the value chain from mining to metal-making, alloy production and neodymium magnet manufacturing. USA Rare Earth is establishing a secure, Western-aligned supply of materials essential to the aerospace and defense, semiconductor, energy, data center, physical AI, mobility, healthcare and industrial sectors.
